RE: Canterbury Trails Sections 1, 2, 3 - NPDES permit 1GC04716*AG

Dear Ms. Rawnsley:

On Monday, August 19, 2013, I inspected portions of the Canterbury Trails development for which coverage under a general National Pollutant Discharge Elimination System (NPDES) construction site storm water discharge permit was recently obtained. I did not meet with anyone while at the site.

At the time of the inspection, there was no construction going on at any of the lots in question.

As a reminder, please note that when construction is complete, and all areas of the site have been permanently stabilized with vegetation or other ground cover, the construction permit issued to these projects must be terminated. A one page Notice of Termination (NOT) form will be found at [http://www.epa.ohio.gov/Portals/35/permits/General NOT.pdf](http://www.epa.ohio.gov/Portals/35/permits/General_NOT.pdf). A completed form must be sent (assuming the criteria for *final stabilization* have been met – see page 37 of the permit) to the address shown on page 2 of the NOT instructions.

If you have questions regarding the letter you can contact me at (937) 285-6442, or via email at chris.cotton@epa.ohio.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Cotton', written in a cursive style.
