Re: Richland County  
Buffalo Wild Wings  
Construction Storm Water  
Facility ID No. 2GC02993

August 21, 2013

Mr. Daniel Moore  
Simonson Construction Services Inc.  
2112 Troy Road  
Ashland, Ohio 44805

Dear Mr. Moore:

On July 9, 2013, Tom Wilkins and Zach Titkemeier inspected the Buffalo Wild Wings on Stumbo Road, Ontario. The purpose of the visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

In an e-mail from Mr. Ken Brown, he stated that the Buffalo Wild Wings that was going to be built on this lot did not materialize and there are no future plans to build on that lot. A Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. An NOT may be filed if one or more of the following conditions have been met:

- Final stabilization has been established on all areas of the site for which the permittee is responsible. Final stabilization means that all soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment has been permanently stabilized; or
- Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

If you have met these criteria, you may file the NOT form. The NOT form and instructions can be found on our website: <http://www.epa.ohio.gov/dsw/storm/stormform.aspx>. NOTs must be mailed to Ohio EPA's Central Office within 45 days of when the above criteria are met.

If there are any questions, please contact me at 419-373-3009.

Sincerely,

Lynette Hablitzel, P.E.  
Division of Surface Water  
Storm Water Program
