Re: The Overlook / Fairfield County

Dear Mr. Bauchmoyer:

This letter is written regarding the storm water inspection I conducted on July 9, 2013, of the construction activities at The Overlook, located along Fair Avenue, in Lancaster, Ohio. There was no active construction during the time of the inspection. I understand this site is currently covered under the General Storm Water Permit Associated with Construction Activities. Based on my site inspection and the conditions set forth in the General Permit, the following items must be addressed:

Sediment and Erosion Controls:

There was no active construction at the site.

There were no large barren areas at the site. There were a few very small areas that may need to be re-seeded.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
