**Re: Lancaster Colony, Fairfield County
General Storm Water Permit #4GC02786*AG**

Dear Mr. Stimmel:

This letter is written regarding the storm water inspection that I conducted on August 22, 2013, at Lancaster Colony located at 240 West Main Street, in Lancaster, Ohio. I understand that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on my site inspection and the General Storm Water Permit, the following items must be addressed.

Sediment and Erosion Controls:

There was no active construction at the site. The site appeared to be adequately stabilized and no erosion was discharging from the site.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at (614) 728-3851.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
