Mr. Matt Miller

Dear Mr. Miller:

On August 21, 2013, I visited the site located on Stoney Point Road that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277.

Sincerely,

Clinton Kuenzli
