Re: Muskingum County
Green Acres Campground
Compliance Evaluation Inspection
Permit #0GS00052*AG
Correspondence (PWW)

Mr. John Arnold
Green Acres Campground
8635 South River Road
Blue Rock, Ohio 43720

Dear Mr. Arnold:

On July 15, 2013, I conducted a compliance evaluation inspection at Green Acres Campground located in Blue Rock, Ohio. I was accompanied by you. The purpose of the inspection was to determine Green Acres' compliance with NPDES Permit Number 0GS00052*AG and the Ohio Water Pollution Control Act, Revised Code Chapter 6111.

As a result of the inspection and review of our files, I found the following violations:

Station	Reporting Code	Parameter	Limit Type	Limit	Reported Value	Violation Date
001	00530	Total Suspended Solids	30D Conc	12	23.	9/1/2012
001	00530	Total Suspended Solids	7D Conc	18	23.	9/22/2012
001	00610	Nitrogen, Ammonia (NH3)	30D Conc	1.0	1.2	9/1/2012
001	50060	Chlorine, Total Residual	1D Conc	0.019	.05	9/28/2012

Attached is a copy of the inspection report. Green Acres should take the appropriate actions to maintain the facility in compliance with all terms and conditions of the NPDES permit.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. For more information about pollution prevention, including fact sheets and

U.S. EPA's Facility Pollution Prevention Guide, (EPA/600/R-92/088), you may contact the Ohio EPA Pollution Prevention Section at (614) 644-3469 or me for additional information.

Sincerely,
