Re: Washington County
Marietta River Trail Phase 3
PID 83919
Storm Water Construction Activity

Cary Betzing
ODOT District 10
338 Muskingum Drive
Marietta, Ohio 45750

Dear Cary Betzing:

On September 4, 2013, I visited the site located on the intersection of Wayne and 8th Streets that has a construction storm water permit with the Ohio EPA. The purpose of my inspection was to determine the compliance of this site with the National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

No violations of the terms and conditions of the permit were discovered. Please continue to implement permit requirements as construction continues.

As a reminder, if your project disturbs more than five acres you are required to implement post construction water quality volume storage requirements with permanent storm water management structures as required by the permit.

If there are any questions, please contact Aaron Wolfe at (740) 380-5277.

Sincerely,

A handwritten signature in blue ink, which appears to read 'Clinton Kuenzli', is written over the typed name.
