**RE: Notice of Termination Inspection at Car Wash Depot/ Delaware County.
Permit #: 4GCO00093*AG**

Dear Mr. Nutter,

This letter is written in follow up to a construction storm water inspection by Jerome Hoke and Sam Marotta of the Ohio EPA, conducted at Car Wash Depot located at the northeast corner of Olentangy Crossing Retail Center on August 14, 2013. The purpose of the inspection was to evaluate compliance with Ohio EPA's General Storm Water Permit Associated with Construction Activities.

It appeared during the inspection that construction activity has been completed for this site. A Notice of Termination will be required provided the post construction requirements are met. Please address the following:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGPPCOA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.aspx>.
