Hann Manufacturing  
Facility ID 0658000069  
Resolution of Violation

Mr. Darl Hann  
Hann Manufacturing  
POB 400  
Malta, OH 43758

Dear Mr. Hann:

On October 15, 2012, this office issued a Non HPV Notice of Violation (NOV) letter to Hann Manufacturing regarding the maintenance of equipment for P901; visible emissions and operational restrictions for P902; monitoring and recordkeeping requirements for P902; and reporting requirements for P902. As part of the NOV, we requested that you submit a compliance plan and schedule to return the facility to compliance.

On November 2, 2012, you submitted the requested plan and schedule. Based upon my review of your response to the October 15, 2012, NOV letter, Hann Manufacturing has returned to compliance for the cited violations.

With the corrective actions taken to bring the source(s) into compliance, as indicated above, the referenced violations are considered resolved. Please note, however, that this does not preclude Ohio EPA's authority from seeking civil penalties pursuant to ORC section 3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

If you have any questions or concerns, please feel free to contact me at (740) 380-5259 or by email at [miki.mercer@epa.ohio.gov](mailto:miki.mercer@epa.ohio.gov).

Sincerely,

Myka L. Mercer  
Environmental Specialist II  
Division of Air Pollution Control  
Southeast District Office
