Belpre, OH 45174

Subject: Notice of Acceptance of Compliance Plan and Resolution of Violation

Dear Mr. Bates:

On June 6, 2012, Lesley Jenkins and I performed an inspection of Skyline Steel, LLC located in Belpre, Ohio. In a letter dated June 2, 2012, I outlined the findings of the inspection, including a notice of several record keeping violations. In the June 2, 2012, letter, I requested that the facility respond within 30 days of receiving the letter with a plan and schedule to return the facility to compliance.

I received the requested compliance plan on August 6, 2012. In addition, I received information via email from the facility on October 2, 2012. The submitted compliance plan included the following steps that have been carried out by the facility:

- The filter inspection form has been revised to include an area for all required information per the permit-to-install and operate terms and conditions; and
- The facility is maintaining all records required by the permit-to-install and operate electronically on-site to be viewed by inspectors when needed.

Ohio EPA accepts Skyline's plan and schedule as submitted. Acceptance by Ohio EPA of a schedule for compliance does not constitute a waiver of Ohio EPA's authority to seek civil penalties as provided in section 3704.6 of the Ohio Revised Code. The determination to pursue or to decline such penalties in this case will be made at a later date.
