RE: Resolution to Notice of Violation (NOV) issued to D.S. Brown Company (0387000118)  
on August 10, 2012.

Dear Ms. McGuckin:

This letter shall serve as notification of the resolution to the Notice of Violation (NOV) issued to the above-referenced facility on August 10, 2012. Based as a response to the NOV letter, D.S. Brown Company submitted a permit application on October 9, 2012 to initiate resolution of the violations noted. Permit-to-Install and Operate (PTIO) #P0111461 was issued final on December 3, 2012 thereby correcting the violations. With the issuance of the referenced PTIO, the violations cited in the NOV letter have been resolved and the facility has returned to compliance. Please note, however, that this does not preclude the Director from seeking civil penalties pursuant to ORC §3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

Should you have any questions or comments regarding this letter, please feel free to contact me at the above referenced address, by email at [mohammad.smidi@epa.ohio.gov](mailto:mohammad.smidi@epa.ohio.gov) or calling me at (419) 373-3118.

Sincerely,

Mohammad Smidi
