**RESOLUTION OF VIOLATIONS
NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Abuaun:

On March 7, June 6 and 17, 2013, the Cleveland Division of Air Quality (CDAQ) inspected A & S Petroleum located at 3742 Fulton Road in Cleveland.

On March 11, 2013, CDAQ issued a Notice of Violation requiring A & S Petroleum to retest Static Leak and Air-to-Liquid Ratio, and submit the testing results, within thirty (30) days. CDAQ is in receipt via email of Air-to-Liquid Ratio test results on June 10, 2013. The Air-to-Liquid Ratio test successfully passed on March 7, 2013. Additionally, CDAQ observed the successful passing of the Static Leak test on June 17, 2013, and test results were received on June 17, 2013, via email.

Appropriate steps were taken to bring your gasoline dispensing facility into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Mike Samec at 216-420-7682. All correspondence with CDAQ must include the Ohio EPA facility identification number for A & S Petroleum: 13-18-00-6159.

Sincerely,

Valencia White
Chief of Enforcement, CDAQ
