RE: 1352 E. 152ND ST. FACILITY

**RESOLUTION OF VIOLATIONS
LETTER OF WARNING FOLLOW-UP LETTER**

Dear Mr. Loucks:

On April 22, 2013, the Cleveland Division of Air Quality (CDAQ) inspected Electrolizing Corporation of Ohio (ECO) located at 1325 E. 152nd Street in East Cleveland.

On May 16, 2013, CDAQ issued a Letter of Warning requiring ECO to submit a permit-to-install/operate (PTIO) application for the installation and operation of four hard chrome tanks 1, 2 and 3 with a scrubber and hard chrome tank 4 with a scrubber. CDAQ received the application on June 13, 2013.

Also, the Letter of Warning asked ECO to submit a withdrawal form for emissions unit P004: 2 process tanks for hard chrome plating because it had never been installed. CDAQ received the withdrawal form on June 17, 2013.

CDAQ received the PTIO application and the withdrawal form in a timely manner and appropriate steps were taken to bring the sources into compliance. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for ECO: 13-18-18-3358.

Sincerely,

A handwritten signature in cursive script that reads "Valencia White".

Valencia White
Chief of Enforcement, CDAQ
