Dear Mr. Kraus:

On February 9, 2011 ContainerPort Group was issued a Permit To Install and Operate (PTIO) for emissions unit F002, the Container Storage Parking Area on East Crescentville Road. This PTIO has an Annual Permit Evaluation Report (PER) that is due every year on February 15. Last year, after the report was more than four months past due, a Notice of Violation was sent to ContainerPort on June 25, 2012. A PER was finally submitted by ContainerPort June 26, 2012.

This year ContainerPort Group is again negligent in submitting the PER for emission unit F002. The report was due February 15, 2013 and is now close to four months past due. A blank annual PER form was sent to you May 8, 2013. We are asking that you submit this completed form, or submit the PER electronically, as soon as possible but by no later than June 20, 2013. Failure to do so may result in Ohio EPA seeking civil penalties as provided in section 3704.06 of the Ohio Revised Code or additional enforcement actions including referral of this case to the Office of the Attorney General.

The PER should be addressed to the local air agency at 250 William Howard Taft Road.
