Re: Richland County
Jacobs Excavating
Return to Compliance (RTC)

July 30, 2013

Mr. Dan Jacobs
Jacobs Excavating
P.O. Box 1086
Mansfield, Ohio 44901

Dear Mr. Jacobs:

This letter shall serve as follow-up to the Notice of Violation (NOV) letter dated June 5, 2013. Jacobs Excavating has since applied for, and received, Permit to Install and Operate (PTIO) P0115097 which became effective on July 29, 2013 and General Permit P0115098, which became effective on July 23, 2013. With the issuance of the PTIO and General Permit, the violation for installing and operating a topsoil and asphalt screening operation prior to obtaining a permit has been resolved. Please note, however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for these violations. The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

If you have any questions about this letter, please contact me at (419) 373-3121 or Chad.Winebrenner@epa.ohio.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chad Winebrenner', is written over a light blue horizontal line.
