**Re: NOTICE OF VIOLATION: NO PERMIT RENEWAL APPLICATION RECEIVED**

Facility ID: 1677130071  
Facility Address: 1665 Enterprise Pkwy  
Twinsburg, OH 44087  
Permit Number: P0103565  
Permit Expiration Date: 9/1/2011  
Permit Type: State Permit-To-Operate

Dear Forest Bookman,

This letter serves as a Notice of Violation to you for failure to submit a timely permit application for renewal of the permit identified below. This failure to submit a complete and timely application has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Company Equipment ID</i>	<i>Permit Number</i>	<i>Expiration Date</i>
P001	This emissions unit is the screen washing station so screens used for silk screen imaging can be used again.	Screen Washing Station	P0103565	9/1/2011

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of ORC 3704.05(A), which states: "No person shall cause, permit, or allow emission of an air contaminant in violation of any rule adopted by the director of environmental protection under division (E) of section 3704.03 of the Revised Code...". Be advised that submission of a permit renewal application will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at [linda.lazich@epa.state.oh.us](mailto:linda.lazich@epa.state.oh.us) or (614) 644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at [www.epa.ohio.gov](http://www.epa.ohio.gov).

If this facility is not subject to synthetic minor requirements, a hard copy application will be accepted. Those forms can be acquired on the Web page [www.epa.ohio.gov/dapc](http://www.epa.ohio.gov/dapc) or by contacting our office at (330) 375-2480.

Sincerely,

Megan Talcott
