Dear Jim Croyle, Jr.,

This letter serves as a Notice of Violation to you for the violation of _____ for failure to submit a timely permit application for renewal of the permit identified above which expired on 6/19/2003. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Company Equipment ID</i>	<i>Permit Number</i>	<i>Expiration Date</i>
D001	Perchloroethylene dry cleaning. Machine no. 1 is an Avanti model E355, installed 11/93. Machine no. 2 is an Avanti model E370, installed 10/95. Machine no. 3 is a Suprema model 750, installed 03/87.	Machine no. 1, Machine no. 2, and Machine no. 3	P0103478	6/19/2003

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of _____. Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at linda.lazich@epa.state.oh.us or (614) 644-3626.
