Dear RICK BUCCINI,

This letter serves as a Notice of Violation to you for the violation of _____ for failure to submit a timely permit application for renewal of the permit identified above which expired on 6/26/2003. This failure to submit a complete and timely application, has resulted in the loss of the "application shield" provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Company Equipment ID</i>	<i>Permit Number</i>	<i>Expiration Date</i>
F001	roadways and parking areas	Roadways and Parking Areas	P0101739	6/26/2003
F002	sand and aggregate storage piles	Sand and Aggregate Storage Piles	P0101739	6/26/2003
P901	ready mix concrete batch plant	Ready Mix Concrete Batch Plant	P0101739	6/26/2003
F001	roadways and parking areas	Roadways and Parking Areas	P0101740	6/26/2003
F002	sand and aggregate storage piles	Sand and Aggregate Storage Piles	P0101740	6/26/2003
P901	ready mix concrete batch plant	Ready Mix Concrete Batch Plant	P0101740	6/26/2003

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of _____. Be advised that submission of a permit renewal application, will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services
