Notice of Violation

Dear Mr. Mustafa:

On November 9, 2011, a representative of the Akron Regional Air Quality Management District (ARAQMD) inspected the Memorial One Stop gasoline dispensing facility located at 215 Memorial Parkway in Akron to determine compliance with OAC 3745-21-09 (DDD) regarding Stage II vapor recovery.

Inspection results/Deficiencies:

- Record keeping: The results of Stage II testing completed in 2010 were not in station records.
- Equipment: The vapor shroud on OPW nozzle on dispenser #2 was found torn and in need of replacement.
- ARAQMD file: A review of our records found this facility's Ohio EPA Permit to Operate expired on August 28, 2011. **Memorial One Stop is in violation of OAC 3745-35-02 to operate a GDF without first obtaining an Ohio EPA Permit to Operate.**

Also, this facility has failed to complete Stage II testing on or before 6/12/11. **Memorial One Stop is in violation of OAC 3745-21-09(DDD)(2), which specifies testing that is to be completed that at intervals not to exceed 5yrs and the CARB Executive Order G-70-150, which requires testing that is to be completed annually.**

Mr. M. Mustafa

Acceptance of the actions requested by this Agency does not constitute a waiver of this Agency's or the Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or decline such penalties will be made at a later date.

Please correct the deficiencies noted. This facility will be inspected on an annual basis for compliance with the Stage II vapor recovery rule. It is required that you keep record keeping information at a readily available location for inspection. For this Agency, it is requested that you keep copies of the required information at each individual location where all employees can access them.

Thank you for your cooperation and assistance in this matter. If you have any questions, please contact me at 330/375-2480 ext3354.

Sincerely,

Harry J. Eckert
Environmental Specialist
