The City of Toledo Division of Environmental Services (TDOES) hereby serves notice that:

Crescent Specialty Cleaners
Premise Number 0448011689
602 Phillips Avenue
Toledo, Ohio

has violated the following environmental laws, orders, rules, or regulations on the indicated date at the above address.

Dates of Violations

03/16/2009

Regulations Violated	Description of Violations
40 CFR Part 63.322(k) and 63.324(d)(3) and 40 CFR Part 63.322(o). The operator of a dry cleaning system shall inspect for leaks and record the dates of these inspections as well as use a halogenated hydrocarbon detector monthly and record these dates as well in a log.	On March 16, 2009 during a facility inspection the operator at this facility did not keep a log of the required biweekly visual inspections of the dry cleaning equipment.
Permit to Operate (PTO), terms Part II., sections C.1., C.2., and C.3.d. Monitoring and/or Record Keeping Requirements The permittee is required to perform biweekly visual inspections while the dry cleaning system is operating and inspect monthly using a halogenated hydrocarbon detector. The permittee is required to keep a written log of the dates of these activities.	On March 16, 2009 during a facility inspection the operator at this facility did not keep a log of the required monthly vapor leak inspections using a halogenated hydrocarbon detector or PCE gas analyzer.

The above violation(s) may subject the violator to **penalties** of up to \$25,000 per violation. It is possible that a penalty will be assessed in this case. If a penalty is to be assessed, the amount will be determined after your response is reviewed.

Required Actions

Within fourteen (14) days of receipt of this Notice of Violation, the permittee shall:

1. Abate the violations or provide for an acceptable remedy.
2. Reply in writing to this Notice of Violation within fourteen (14) days of receipt. The reply shall include:
 - a. descriptions and dates of actions taken thus far to abate the violation(s);
 - b. descriptions and expeditious time schedule of actions yet to be taken to remedy the violation(s); and
 - c. descriptions of actions taken or to be taken to prevent recurrence of the violation(s).
 - d. Any copies of current recordings which show recent activities and their associated logging.

Recommended Remedial Actions

It is recommended that you consider the following suggestions:

- Implement all monitoring, recordkeeping, reporting and testing requirements of the Permit to Operate for Crescent Specialty Cleaners.
- Implement the additional requirements of the amended MACT, 40 CFR 63, subpart M, in particular Part 63.322(o).
- Use the halogenated hydrocarbon detector at least once a month and count as one of the biweekly visual inspections and keep a written log of this activity.
