NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Chirayil:

On November 29, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring North Olmsted 1, Inc. to successfully pass the testing requirements in Ohio Administrative Code Rule 3745-21-09(DDD)(2) in response to a failed Air-to-Liquid (A/L) Ratio test on November 24, 2010. On January 24, 2011, a re-test of the A/L Ratio test was conducted and passed. CDAQ is in receipt of passing test results of the A/L Ratio test as of February 2, 2011.

Appropriate steps were taken to bring your gasoline dispensing facility into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Valerie Shaffer at (216) 664-6292. All correspondence with CDAQ must include the Ohio EPA facility identification number for North Olmsted 1, Inc.: 13-18-37-7939.

Sincerely,

A handwritten signature in cursive script that reads "Linda Kimmy".
