RECEIPT OF CORRECTIVE ACTION PLAN: FAILURE OF AIR-TO-LIQUID  
RATIO TEST**

Dear Mr. Chirayil:

On November 29, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requesting North Olmsted 1, Inc. located at 28925 Lorain Road in North Olmsted to make the necessary Stage II testing repairs and successfully pass the testing requirements in Ohio Administrative Code (OAC) Rule 3745-21-09 (DDD)(2).

As of January 12, 2011, CDAQ is in receipt of a letter stating that the necessary repairs will be made during the week of January 17, 2011, in order for North Olmsted 1, Inc. to pass the necessary Stage II tests per OAC Rule 3745-21-09 (DDD)(2). Further discussions with Anne Kilday, on January 13, 2011, provided that a re-test of the air-to-liquid ratio will be conducted once the necessary repairs have been made.

You are expected to comply with re-testing the air-to-liquid ratio by February 23, 2011. Failure to do so may result in referral to Ohio EPA or U.S. EPA for further enforcement action. Fulfillment of your commitments included in the corrective action plan and/or any modifications contained within this letter does not constitute a waiver of CDAQ's ability to refer this matter to Ohio EPA or U.S. EPA for further enforcement action. Please submit any future correspondence related to this matter to the following enforcement representative:
