NOTICE OF VIOLATION FOLLOW-UP LETTER**

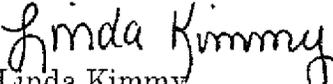

Dear Mr. Moon:

On June 17, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation to Sunoco / Hop-in located at 5332 Mayfield Road in Lyndhurst for failing, on June 1, 2011, an Air-to-Liquid (A/L) Ratio test for all gasoline grades on pump #7. The A/L Ratio re-test was conducted on June 30, 2011, and the passing A/L Ratio test results were received by CDAQ on July 14, 2011.

Appropriate steps were taken to bring your gasoline dispensing facility (GDF) into compliance. However, the failure of two Stage II tests in two consecutive years has caused your facility to be subject to the Ohio EPA GDF Enforcement Policy. In addition to the failed A/L Ratio test on June 1, 2011, Sunoco / Hop-in failed a dynamic pressure performance (blockage) test on all four dispensers on June 17, 2010. Separate correspondence will be issued concerning the failure of these required tests in two consecutive years.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call Valerie Shaffer at (216) 664-6292. All correspondence with CDAQ must include the Ohio EPA facility identification number for Mayfield Road Center, LLC: 13-18-30-6226.

Sincerely,

  
Linda Kimmy  
Field Enforcement Manager
