NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. John Lee:

On September 23, 2008, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Ultra Dry Cleaners to repair gaskets that were found to be leaking, implement a halogenated hydrocarbon detector into bi-weekly inspections, and monitor and record the temperature of the exhaust gas on the outlet of the refrigerated condenser. CDAQ is in receipt of a corrective action plan dated November 13, 2008, which includes a copy of the invoice for the required parts replaced and proof of their repair, copy of the invoice for a halogenated hydrocarbon detector, and a copy of records showing that recording of the temperature of the exhaust gas is taking place on Emission Unit (EU) D001.

The corrective action plan was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Bryan Sokolowski at (216) 420-7663. All correspondence with CDAQ must include the Ohio EPA facility identification number for Ultra Dry Cleaners: 13-18-30-8280.

Sincerely,

Valencia White  
Field Enforcement Manager, CDAQ
