RE: RETRACT WARNING LETTER  
DATED AUGUST 7, 2007

Mrs. Mary Ellen Abel  
Morton International, Inc.  
P.O. Box 428  
Grand River, OH 44045

Dear Mrs. Abel:

This is to retract the warning letter that Ohio EPA sent to Morton International, Inc. dated August 7, 2007. The warning letter alleged that Morton had failed to submit an air permit renewal application for emissions unit P901, Salt Screening & Crushing Operations, the State PTO for which expired on October 20, 1997.

Per your phone call, said renewal application was submitted to Ohio EPA and on file. It was found stapled to a PTO renewal application for emissions unit F002 and in the F002 source file.

I apologize for the unwarranted warning letter and any inconvenience that this may have cause you or the company. If there are any questions or if you wish to discuss this matter, please feel free to call me at 330-963-1247.

Sincerely,
