RE: WARNING LETTER  
FAILURE TO SUBMIT RENEWAL  
PERMIT-TO-OPERATE  
APPLICATIONS  
FACILITY ID # 0243080981

Paul Shope  
Great Lakes Power Products, Inc.  
7455 Tyler Blvd.  
Mentor, OH 44060

Dear Mr. Shope:

Our records indicate that Great Lakes Power Products, Inc. located at 7455 Tyler Blvd. in Mentor, has failed to submit Renewal Permit-to-Operate applications for the following emissions units:

<u>ID</u>	<u>Description</u>	<u>Expiration Date</u>
L002	2-16 gallon cold cleaners	August 2, 1994

Ohio Administrative Code Rule 3745-35-02 requires that the owner or operator of an air contaminant source apply for and obtain a permit-to-operate for each emission unit. Renewal applications are due within six months prior to the expiration date.

Please submit PTO applications to my attention at the Northeast District Office for the emissions units listed above **within thirty (30) days of receipt of this letter**. Blank PTO application forms are enclosed for your convenience. You may download additional forms if needed from our website at <http://www.epa.state.oh.us/dapc/fops/eac/eacforms.html>. Please feel free to make copies as needed. Failure to respond to this request in the stated time frame can result in a referral to the Central Office of Ohio EPA for the appropriate enforcement action.

If your records indicate that you submitted the applications on time, please resubmit these along with your documentation of the submittal being done on a timely basis.

If the emissions unit has been permanently shut down, please reply with the date of the shutdown. If the emissions unit has been temporarily shut down, you will need to obtain a permit-to-operate prior to its return to service. If it has been shut down for more than five years, you will need to obtain a permit-to-install as well as a permit-to-operate prior to its return to service. If the entire facility has been sold or shut down, please reply with the new owners information or the date of closure.

PAUL SHOPE

PAGE 2

The submission of the requested permit application does not constitute a waiver of Ohio EPA's authority to seek civil penalties as provided in ORC 3704.06. Ohio EPA will decide whether to pursue or decline to pursue penalties regarding this matter at a later date.

Should you have any questions, please feel to call me at (330) 963-1239.

Sincerely,

Nancy Meli  
Division of Air Pollution Control
