RE: JULY 22, 2011, LETTER AND  
COMPLIANCE OBLIGATIONS  
FACILITY ID: 0243151097

**CERTIFIED MAIL**

Saady Abouhashem  
Ohio Gas Station #4  
4745 Fairway Drive  
Brooklyn, OH 44144

Dear Mr. Abouhashem:

On August 8, 2011, this office received a letter from O'Brien Technical Services, Inc. on behalf of Ohio Gas Station #4, located at 30220 Euclid Ave., Wickliffe, OH 44092. This letter indicated that on July 31, 2010, you became the new owner of this station.

*The July 22, 2011, letter was sent to the Cleveland Division of Air Quality and was forwarded to this office. Please note that the Northeast District Office has jurisdiction over Lake County and all future communication should be made with this office.*

Please be advised that this station is required to perform Stage II testing within 60 days of startup pursuant to Ohio Administrative Code Rule 3745-21-09(DDD). To date, no test results have been submitted to this office. **Please schedule this testing as soon as possible.**

Also, I have enclosed a Permit by Rule Notification form. **Please complete the form and return it as per the instructions within fourteen (14) days of receipt of this letter.** This will replace any needed Permit-to-Install and Operate (PTIO) and will mean you no longer have to pay the biannual emission fees.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1270.

Sincerely,

Tim Fischer  
Environmental Supervisor  
Division of Air Pollution Control
