RE: WARNING LETTER
ANNUAL STAGE II COMPLIANCE TEST
HAMB DEN SUNOCO
DAPC FACILITY ID #0228000291

CERTIFIED MAIL

Julia Cianfaglione
Hambden Sunoco
13940 GAR Highway
Chardon, Ohio 44024

Dear Ms. Cianfaglione:

The annual Stage II compliance demonstration conducted at Hambden Sunoco located at 13940 GAR Highway in Chardon, Ohio on June 15 and July 11, 2007, demonstrated compliance with most of the requirements of Ohio Administrative Code Rule 3745-21-09 (DDD):

Our inspector noted that new hoses were needed on pumps 1,5,6, and 8 and a new nozzle was needed on pump 7. Further, maintenance records were not being kept as required by paragraph 3 (a)(iii) of the above rule. Additionally, paragraph 3(a)(vi) requires that the operator or local manager of a Stage II system at a gasoline dispensing facility attend training on the operation of the system and that proof of attendance be available for our inspection. We expect that this training will be completed as soon as possible. Your testing company may be able to arrange for this training.

Please have these deficiencies corrected prior to our next visit.

The next Stage II compliance test is due in June 2008.

Please complete and return the enclosed Permit-by-Rule Notification form. Once approved, it will replace the requirement to have a Permit-to-Operate and will also mean that you no longer will have to pay the non-Title 5 emission fees (blue form). You would be sent the form and billed for the year of 2006, but none thereafter.

If you have any questions regarding this letter, please do not hesitate to contact me at (330) 963-1223.

Sincerely,

Dennis Bush
Environmental Manager
Division of Air Pollution Control
