DAPC FACILITY ID: 02-85-00-0388
EMISSIONS UNIT ID: B002

CERTIFIED MAIL

Ms. Judith Box
Dominion Resources Services, Inc.

Akron, Ohio 44333

Dear Ms. Box:

A compliance stack test was conducted on the above-cited engine at Dominion East Ohio – Paint Station (Dominion) on September 29, 2010. This test was performed to determine compliance with the limits established in the final air pollution permit-to-install and operate (PTIO) issued and effective on December 17, 2009. A copy of the compliance stack test report was received by this office on October 28, 2010.

After a review of the report, it has been determined that, based on an average of three runs, the compressor engine demonstrated compliance with the nitrogen oxides (NO_x) and carbon monoxide (CO) emission limits, but is operating out of compliance with the volatile organic compound (VOC) emission limit. Specifically, the results and limits are detailed in the following table:

Parameter Tested	Permit Limit	Test Result
NO _x	160 ppmvd @ 15% O ₂ , 2.0 g/HP-hr	114.25 ppmvd @ 15% O ₂ , 1.448 g/HP-hr
CO	540 ppmvd @ 15% O ₂ , 4.0 g/HP-hr	26.81 ppmvd @ 15% O ₂ , 0.207 g/HP-hr
VOC	86 ppmvd @ 15% O ₂ , 1.0 g/HP-hr	119.84 ppmvd @ 15% O ₂ , 1.457 g/HP-hr

Operation of an air contaminant source in violation of the VOC allowable emission rate is a violation of Section 3704.05 of the Ohio Revised Code, 40 CFR Part 60, Subpart JJJJ and the terms and conditions of the air permit. Within **14 days of your receipt** of this letter, please submit the following:

- 1) An explanation, if you have determined one, of the cause of the failure to comply with the allowable emission rate; and

- 2) A compliance plan and schedule to correct the problem that caused the failure, including the specific steps that will be taken and a date for a proposed re-test date.

The submission of the above information does not constitute a waiver of Ohio EPA's authority to seek civil penalties as provided in Section 3704.06 of the Ohio Revised Code. The determination to pursue or decline such penalties in this case will be made by the Ohio EPA at a later date. This notice does not excuse any violations of federal, state and local laws or regulations regarding air pollution control. Failure to respond within the specified time frame can result in further enforcement action.
