RE: NOTICE OF VIOLATION
FAILED 5-YEAR STAGE II COMPLIANCE
LAKELAND CITGO

CERTIFIED MAIL

Dear Mr. Khan:

The 5-year Stage II compliance demonstration conducted at Lakeland Citgo located at 30460 Lakeland Blvd. in Wickliffe, Ohio on November 5, 2007, failed to demonstrate compliance for the following parameters:

<u>Parameter</u>	<u>Pass/Fail</u>
A/L Test	Failed
Pressure Decay Test	Passed
Dynamic Pressure Test	Passed
Ohio EPA Inspection	Passed

The A/L test could not be performed because the Hasstech control system was inoperable.

This is the second consecutive year that a dispenser has failed the A/L test. Proper maintenance and prompt repairs will pass compliance tests. Leaking equipment contributes to the high ozone levels found in Northeast Ohio.

Please complete the necessary repairs and conduct a passing retest within two weeks of your receipt of this letter.

Failed test results constitute a violation of OAC Rule 3745-21-09 (DDD).

Violation of state air pollution control regulations are punishable by a civil penalty of \$25,000 per violation. Issuance of this notice does not excuse any violation of state law regarding air pollution.
