Dearborn, MI 48126-1412

Dear Mr. Abbas:

On October 4, 2004, this Agency sent a Notice of Violation to the previous owner of this gasoline dispensing facility (Mr. Mustafa Habbas) concerning a failed Stage II compliance test that was conducted on July 29, 2004. The violation was that during the compliance test, dispenser #2 failed the A/L test due to lack of vacuum.

Our Agency has not been advised if this situation has been corrected, nor have the required Stage II compliance demonstrations for 2005 and 2006 been conducted.

As you should know, Ohio EPA Rules require annual Stage II testing. I have enclosed a copy of the rules.

Please schedule full Stage II testing (including the dynamic pressure test) to be conducted by March 15, 2007.

Violations of state air pollution control regulations are punishable by a civil penalty of \$25,000 per violation. Issuance of this notice does not excuse any violation of state law regarding air pollution.

If you have any questions, please do not hesitate to contact me at (330) 963-1223.

Sincerely,

Dennis Bush
Environmental Manager
Division of Air Pollution Control
