RE: FACILITY ID# 0285030144

NOTICE OF VIOLATION

Mr. Makinde Touloupe
Stahl Scott and Fetzer
3201 Old Lincoln Way
Dalton, Ohio 44618

Subject: Failure to file Synthetic Minor Fee Emission Report, calendar year 2007

Dear Mr. Touloupe:

Pursuant to Ohio Administrative Code (OAC) rule 3745-78-02, any owner or operator of sources subject to OAC rule 3745-77-02 is required to submit a fee emissions report that quantifies that actual emission data for particulate matter, sulfur dioxide, organic compounds, nitrogen oxides, and lead. This fee emissions report was to be submitted by owners or operators of affected facilities by June 6, 2008 for calendar year 2007. The above named facility was sent a Notice of Violation in this matter from the Central Office of Ohio EPA DAPC on October 1, 2008. The letter requested the report be submitted electronically via the eBusiness Center: Air Services within 30 days. On November 21, a letter was sent to Ed Perez of this office from Dennis Adams and Paul McGee of Stahl indicating there may have been problems with the electronic submission of the data, and that we should receive the report by December 22, 2008. As of this date, we have not received the report, and enforcement action will be initiated.

Guidance regarding these requirements and completion of the report may be found on the DAPC Web page <http://www.epa.state.oh.us/dapc/> by selecting the topic Air Services.

Should you have any questions regarding this letter, please feel free to contact me at (330) 963-1161

Sincerely,

Ed Fasko
