Mr. Todd Kindle

The Dow Chemical Company  
3441 North Main Street  
Findlay, Ohio 45840

Dear Mr. Kindle:

This letter shall serve as a follow-up to the Notice of violation (NOV) letter dated April 27, 2012, for the above-referenced facility. The purpose of this letter is to indicate the facility's return to compliance status. This was accomplished by the issuance of Permit to Install and Operate (P0110086) for emission unit N001 (Beringer Jet Cleaner) issued May 29, 2012, and the subsequent issuance of an Administrative Modification, P0110270 issued June 15, 2012.

Please note; however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for the violations noted in the NOV letter. The decisions on whether to pursue or decline to pursue such penalties regarding this are dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

Should you have any questions and/or comments concerning this letter, please feel free to contact me at (419) 373-3069 or electronically at [Miranda.Garlock@epa.ohio.gov](mailto:Miranda.Garlock@epa.ohio.gov).

Sincerely,

Miranda R. Garlock
