**Re: NOTICE OF PERMIT EXPIRATION: NO RENEWAL APPLICATION RECEIVED**

Facility ID: 1667050041  
Facility Address: 4020 SR 303, MANTUA, OH 44255  
Permit Number: P0102148  
Permit Expiration Date: 9/1/2011  
Permit Type: State Permit-To-Operate

Dear JUDY KOVACH,

This letter serves as a Notice of Violation to you for the violation of OAC rule 3745-31-02 for failure to submit a timely permit application for renewal of the permit identified above which expired on 9/1/2011. This failure to submit a complete and timely application has resulted in the loss of the "application shield", provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

EU ID	EU Description	Company Equipment ID	Permit Number	Expiration Date
F001	overburden removal and sand and gravel loading	Mineral Extraction	P0102148	9/1/2011
F002	washing, screening, and material handling	Aggregate Processing Plant	P0102148	9/1/2011
F003	wind erosion, loading, and storage	Aggregate Storage Piles	P0102148	9/1/2011

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of OAC rule 3745-31-03. Be advised that submission of a permit renewal application will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at [linda.lazich@epa.state.oh.us](mailto:linda.lazich@epa.state.oh.us) or (614) 644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at [www.epa.ohio.gov](http://www.epa.ohio.gov).

If this facility is not subject to synthetic minor requirements, a hard copy application will be accepted. Those forms can be acquired on the Web page [www.epa.ohio.gov/dapc](http://www.epa.ohio.gov/dapc) or by contacting our office at (330) 375-2480.

Sincerely,

Megan Talcott
