Re: NOTICE OF PERMIT EXPIRATION: NO RENEWAL APPLICATION RECEIVED

Facility ID: 1667000009
Facility Address: 1871 STATE RTE 44, RANDOLPH, OH 44265
Permit Number: P0101914
Permit Expiration Date: 1/29/2012
Permit Type: State Permit-To-Operate

Dear Tom Bodo,

This letter serves as a Notice of Violation to you for the violation of OAC rule 3745-31-02 for failure to submit a timely permit application for renewal of the permit identified above which expired on 1/29/2012. This failure to submit a complete and timely application has resulted in the loss of the "application shield", provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

<i>EU ID</i>	<i>EU Description</i>	<i>Company Equipment ID</i>	<i>Permit Number</i>	<i>Expiration Date</i>
K007	Flat Line Parts Paint Booth	Flat Line paint booth	P0101914	1/29/2012

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of OAC rule 3745-31-03. Be advised that submission of a permit renewal application will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at linda.lazich@epa.state.oh.us or (614) 644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at www.epa.ohio.gov.

If this facility is not subject to synthetic minor requirements, a hard copy application will be accepted. Those forms can be acquired on the Web page www.epa.ohio.gov/dapc or by contacting our office at (330) 375-2480.

Sincerely,

Megan Talcott
