Re: NOTICE OF PERMIT EXPIRATION: NO RENEWAL APPLICATION RECEIVED

Facility ID: 1667050040
Facility Address: 3828 DUDLEY ROAD, MANTUA, OH 44255
Permit Number: P0102145
Permit Expiration Date: 11/23/2010
Permit Type: State Permit-To-Operate

Dear Joan Martin,

This letter serves as a Notice of Violation to you for the violation of OAC rule 3745-31-02 for failure to submit a timely permit application for renewal of the permit identified above which expired on 11/23/2010. This failure to submit a complete and timely application has resulted in the loss of the "application shield", provided by Ohio Revised Code (ORC) section 119.06, for the air contaminant sources (emissions units) identified in the table below.

EU ID	EU Description	Company Equipment ID	Permit Number	Expiration Date
F008	crushing, screening, and convey of crushed stone	Nordberg Cone Crusher	P0102145	11/23/2010
F009	sand and gravel screening, washing, and conveying	Aggregate Processing Plant #5	P0102146	11/23/2010
F010	sand and gravel aggregate storage pile loading and wind erosion	Storage Piles for Aggregate Processing Plant #5	P0102146	11/23/2010

Continued operation of these emissions units after the expiration date of the permit, without a valid renewal permit being issued by the Director, will be a violation of OAC rule 3745-31-03. Be advised that submission of a permit renewal application will not reinstate the "application shield" provided by (ORC) section 119.06.

Please submit a complete renewal application to Ohio EPA as soon as possible, but no later than 30 days from receipt of this notice. The application may be submitted using the eBusiness Center: Air Services (<https://ebiz.epa.ohio.gov>). For assistance with Air Services you may contact Linda Lazich at linda.lazich@epa.state.oh.us or (614) 644-3626. In addition, training videos and guidance are available by clicking "Answer Place" on the main banner at www.epa.ohio.gov.

If this facility is not subject to synthetic minor requirements, a hard copy application will be accepted. Those forms can be acquired on the Web page www.epa.ohio.gov/dapc or by contacting our office at (330) 375-2480.

Sincerely,

Megan Talcott
