NOTICE OF VIOLATION: failure to submit quarterly reports, failure to submit a Permit-to-Install application

Dear Mr. Pruc:

On 23 May 2008, the Cleveland Division of Air Quality (CDAQ) inspected T & B Foundry Company (T & B Foundry) located at 2469 E. 71<sup>st</sup> Street in Cleveland. This letter serves as notification that you are operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

T & B Foundry's operation of emissions unit (EU) F002 is in violation of its permit-to-operate (PTO), Part I (3) (b) and the Ohio Revised Code (ORC) 3704.05(C) for failing to submit quarterly deviation reports. CDAQ has not received a quarterly deviation report since the PTO was issued on 17 March 1998. T & B Foundry also failed to submit a Permit-to-Install (PTI) application for this EU. This is in violation of ORC 3704.05(F) and the Ohio Administrative Code 3745-31-02-(A) (1). F002 was installed in March of 1983.

T & B Foundry's operation of EU P902 is in violation of PTI 13-2715, Additional Special Terms and Conditions, for failing to submit quarterly operating time reports. CDAQ received the last operating time report on 9 February 2004.

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that T & B Foundry Company submit these 3 items:

- A quarterly deviation report for F002 submitted within 14 days of receipt of this letter.
- A quarterly operating time report for P902 within 14 days of receipt of this letter.

- A PTI application for F002 submitted with 21 days of receipt of this letter.

The reports and application can be submitted to the following enforcement representative:

David Wagner  
Cleveland Division of Air Quality  
1925 St. Clair Ave, NE  
Cleveland, OH 44114-2080

If there is insufficient time to correct the alleged violations, your response must include a timeline for correcting the alleged violations.

The appropriate permit application and supplemental form are included with this letter. Please note that all permit applications submitted to CDAQ must include original signatures. Photocopied signatures are not valid; the application will not be accepted by CDAQ and will be returned to you if original signatures are not provided.

Free assistance with state and/or federal regulations, rules, laws or permit conditions can be provided at no charge through the Ohio EPA Office of Compliance Assistance and Pollution Prevention (OCAPP). OCAPP can be contacted at <http://www.epa.state.oh.us/ocapp> or 614/644-3469 or 800/329-7518. CDAQ makes no guarantee that the facility will meet the qualifying guidelines established by OCAPP.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for T & B Foundry Company: 13-18-00-0504.

Sincerely,

George Baker  
Chief of Enforcement, CDAQ
