NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Hooper:

On July 20, 2009, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Potters Industries, Inc. (Potters) to submit a corrective action plan stating how Potters will come into compliance with the pressure drop range of emission unit (EU) P007: Furnace No. 5 (F-5). In addition, CDAQ requested Potters submit permit-to-install/operate (PTIO) applications for EUs P006: Grinders and elevators and P009: Glass bead coating line.

CDAQ is in receipt of an administrative modification request dated August 4, 2009, to change the pressure drop range on EU P007 with supporting documentation to the request dated August 27, 2009. CDAQ is also in receipt of PTIO applications for EUs P006 and P009 dated September 22, 2009.

The corrective action plan was received and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Linda Kimmy at 216-664-2985 or Ryan Olinek at 216-664-3315. All correspondence with CDAQ must include the Ohio EPA facility identification number for Potters: 13-18-00-2733.

Sincerely,

George Baker
Chief of Enforcement, CDAQ
