**Notice of Violation: Reporting requirements violations**

Dear Mr. Joyce:

On 30 October 2006, the Cleveland Division of Air Quality (CDAQ) inspected MetroHealth Medical Center located at 2500 MetroHealth Drive in Cleveland. This letter serves as notification that you are operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

The hospital has not submitted the third quarter 2006 deviation reports for their 6 boilers, Ohio EPA emissions units B004, B006, B007, B008, B009 and B010. CDAQ should have received it on 31 October 2006. This is a violation of the Title V operating permit's general terms and condition, Part I, A, 1, c, i and ii and Part III, A, IV, 1 through 5 and Ohio Revised Code Section 3704.05(C).

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that MetroHealth Medical Center submit the third quarter deviation report to the following enforcement representative:

David Wagner  
Cleveland Division of Air Quality  
1925 St. Clair Ave. NE  
Cleveland, OH 44114-2080

Your written response to this letter must be received by CDAQ within fourteen (14) days of your receipt of this letter. If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

Violations of Ohio air pollution laws and /or permit terms and conditions are subject to the penalties stipulated in Ohio Revised Code Section 3704.99(A), which allows fines of not more than twenty-five thousand dollars or imprisonment for not more than one year, or both, for each violation.

Facilities that want to investigate methods of pollution prevention to reduce raw material usage and waste production can contact the Ohio EPA Office of Compliance Assistance and Pollution Prevention (OCAPP). OCAPP can be contacted at <http://www.epa.state.oh.us/ocapp> or 614/644-3469 or 800/329-7518 and there is no charge for their services.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for MetroHealth Medical Center: 13-18-00-2965.

Sincerely,
