NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Heise:

On 13 October 2008, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Medical Center Company (MCCo) to submit a corrective action plan to prevent lengthy monitor downtimes. CDAQ received a corrective action plan dated 28 October 2008. MCCo's plan states that you purchased major instrument components to expedite future repairs, requested quotations for a replacement monitor and is discussing an "emergency service guarantee" agreement with the monitor manufacturer.

The corrective action plan was received and appropriate steps were taken to bring the source into compliance. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for MCCo: 13-18-00-3059.

Sincerely,

Valencia White  
Field Enforcement Manager, CDAQ
