NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Butorac:

On February 17, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Goodrich Landing Gear – Plating Division (Goodrich Landing Gear) to begin recording the temperature of the primary condenser while it is in idling mode, submit in writing the internal steps that will be taken to ensure that the temperature is recorded during the idling mode, and electronically submit corrected 2010 semiannual exceedance reports.

CDAQ is in receipt of:

1. ~~A letter outlining the internal steps that will be taken to ensure that the temperature is recorded during the idling mode (Received March 17, 2011).~~
2. ~~Corrected 2010 semiannual exceedance reports (Received March 22, 2011).~~

The corrective action plan was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action.

Should you have any questions, please call Bryan Sokolowski at (216) 420-7663. All correspondence with CDAQ must include the Ohio EPA facility identification number for Goodrich Landing Gear: 13-18-00-5949.

Sincerely,

Linda Kimmy
Field Enforcement Manager, CDAQ
