NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Khoury:

On September 14, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring 7025 Fleet, Incorporated (Sunoco Incorporated) to submit either a permit-to-install/operate (PTIO) application or a permit-by-rule (PBR) notification form. CDAQ also requested 7025 Fleet, Incorporated (Sunoco Incorporated) submit proof of attendance and completion of the training required by the Ohio EPA for the operator or local manager of the gasoline dispensing facility. As well as a template of a log to maintain records of all repair and maintenance work performed (including, but not limited to, work performed to meet manufacturer's specifications or CARB certification requirements), or any other modifications made to the vapor control system within thirty (30) days of receipt of the Notice of Violation.

CDAQ received a PBR notification on October 28, 2010. On November 2, 2010, CDAQ sent a Receipt of Corrective Action (RCAP) letter requiring 7025 Fleet, Incorporated (Sunoco Incorporated) to submit:

- Proof of attendance and completion of the training required by the Ohio EPA for the operator or local manager of the gasoline dispensing facility.
- A template of a log to maintain records of all repair and maintenance work performed (including, but not limited to, work performed to meet manufacturer's specifications or CARB certification requirements), or any other modifications made to the vapor control system
- Scheduling and performing all required Stage II tests and submitting test results (The last date of passing Stage II tests on file with CDAQ is March 4,

2009)

On December 6, 2010, CDAQ witnessed a passing Stage II test as well as proof of attendance of required training, and a template of a log to maintain records of all repair and maintenance work performed (including, but not limited to, work performed to meet manufacturer's specifications or CARB certification requirements), or any other modifications made to the vapor control system.

Appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Andrew Kenney at 216-420-7683. All correspondence with CDAQ must include the Ohio EPA facility identification number for 7025 Fleet, Incorporated (Sunoco Incorporated): 13-18-00-6154.

Sincerely,

*Linda Kimmy for G.B.*

George Baker  
Chief of Enforcement, CDAQ
