Specialist training

Dear Mr. Jaffal:

On 5/25/11, the Cleveland Division of Air Quality (CDAQ) inspected HP Oil located at 7310 Lorain Avenue in Cleveland. On 6/1/11 CDAQ issued HP Oil a Notice of Violation indicating that you were operating sources in violation of the following applicable air statutes, air regulations, or air permit conditions.

HP Oil failed to provide proof of attendance and completion of the training required by the Ohio EPA for the operator or local manager of the gasoline dispensing facility. This is a violation of the Ohio Administrative Code (OAC) rule 3745-21-09(DDD)(3)(a)(vi).

Unless you undertake some type of corrective action with respect to the above noted violations, you will remain in non-compliance. CDAQ requests that HP Oil submit a copy of the Stage II Compliance Specialist certification to the following enforcement representative:

Dave DeChant
Cleveland Division of Air Quality
75 Erieview Plaza 2nd Floor
Cleveland, Ohio 44114-1839

Your written response to this letter must be received by CDAQ within fourteen (14) days of your receipt of this letter. If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Dave DeChant at 216-664-3213. All correspondence with CDAQ must include the Ohio EPA facility identification number for HP Oil: 13-18-00-6856.

Sincerely,

Linda Kimmy
