RECEIPT OF CORRECTIVE ACTION PLAN: Employee trained in operating and maintaining the Stage II control equipment; Order and post "No Topping Off" instructions

Dear Ms. Anderson:

On June 27, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requesting that 3100 W. 14th Cleveland, LLC provide proof of attendance and completion of the training required by the Ohio EPA for the operator or local manager of the gasoline dispensing facility (GDF) located at 3100 W. 14th Street in Cleveland. Additionally, CDAQ requested the conspicuous posting of "no topping off" instructions of the motor fuel tank in each gasoline dispensing area.

CDAQ spoke with you, via telephone, on July 21, 2011. CDAQ was informed that the local operator of 3100 W. 14th Cleveland, LLC has been trained in the required Stage II training and that a copy of the training certificate will be forwarded to CDAQ when received. Additionally, you stated that "no topping off" labels have been ordered and will be adequately adhered in each dispensing area upon receipt. As such, CDAQ requests that the training certificate, as mentioned above, be received by CDAQ, and that the appropriate posting of "no topping off" instructions, shall be demonstrated within fourteen (14) days of your receipt of this letter. If there is insufficient time to correct the alleged violations within this timeframe, your response must include a timeline for correcting the alleged violations.

You are expected to comply with the above two corrective actions to bring your GDF into compliance. Failure to do so may result in referral to Ohio EPA or U.S. EPA for further enforcement action. Fulfillment of your commitments included in the corrective action plan and/or any modifications contained within this letter does not constitute a waiver of CDAQ's ability to refer this matter to Ohio EPA or U.S. EPA for further enforcement action. Please submit any future correspondence related to this matter to the following enforcement representative:

Mack,

I already have a copy of the permit that you emailed to me. The Notice of Violation addresses the need to have a trained operator or manager trained in Stage II as required by Ohio EPA. Additionally, please let me know when you place "Do Not Top OFF" stickers to each dispenser.

Let me know if you have any questions. My phone number is (216) 664-6292.
