RECEIPT OF CORRECTIVE ACTION PLAN: NOTICE OF VIOLATION

Dear Mr. Purcell:

On September 26, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requesting that Universal Oil Inc. submit a permit-to-install/operate (PTIO) applications required for emissions unit J001 and the gasoline dispensing facility and J001 exceeding the annual throughput limit. CDAQ received a letter, dated October 19, 2011, requesting an extension to December 28, 2011. As discussed with CDAQ personnel on October 21, 2011, you have until December 3, 2011 to submit the applications or permit-by-rule notification. Failure to do so may result in referral to Ohio EPA or U.S. EPA for further enforcement action. Fulfillment of your commitments included in the corrective action plan and/or any modifications contained within this letter does not constitute a waiver of CDAQ's ability to refer this matter to Ohio EPA or U.S. EPA for further enforcement action. Please submit any future correspondence related to this matter to the following enforcement representative:

David Wagner

Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for Universal Oil Inc.: 13-18-00-7422.

David,

I am requesting an additional 60 days to 28 December 2011 to respond to your letter dated 26 September 2011. As discussed today, our response will require some old record reviews and comes at time when we have a lot on our plate for a small company. Additionally, at your suggestion, I plan to contact Adrian LaFevere at Ohio EPA for help with the permitting process.

We want to be cooperative and do it right. Please confirm the extension as soon as possible.
