NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Purcell:

On September 26, 2011, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation (NOV) because emissions unit J001: tank truck loading rack exceeded the annual throughput limit and a gasoline dispensing facility was installed without submittal of a PTIO application or a permit-by-rule (PBR) notification. The NOV required Universal Oil Inc. to submit permit-to-install/operate (PTIO) applications for the tank truck loading rack and the gasoline dispensing facility. CDAQ received a PTIO application for the loading rack and a PBR notification for the gasoline dispensing facility on December 6, 2011.

CDAQ received the PTIO application and PBR notification and consequently bringing the sources into compliance. The loading rack's throughput limit exceedance issue was addressed with the submittal of a PTIO application. CDAQ determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. If you have any questions, please call David Wagner at 216/664-3004. All correspondence with CDAQ must include the Ohio EPA facility identification number for Universal Oil Inc.: 13-18-00-7422.

Sincerely,

A handwritten signature in black ink that reads "Linda Kimmy".

Linda Kimmy
Field Enforcement Manager, CDAQ
