NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Wolf:

On May 12, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring SPS Technologies, LLC (SPS) to submit a Permit-to-Install/Operate (PTIO) application for emissions unit (EU) P007: Heat Treating Line #3, Natural Gas 6.6 MMBTU/HR Max. In addition, CDAQ requested SPS submit Permit-to-Install/Operate applications for EU Z004: Wheelabrator Grit Blaster, EU Z009: Machining Operations and EU Z010: Paved Roadways or provide acceptable emission calculations for these emission units thirty (30) days of receipt of the May 12, 2010 Notice of Violation.

CDAQ received a request for a deadline extension to July 19, 2010, dated June 14, 2010, from SPS. The extension was granted in a Receipt of Corrective Action Plan sent by CDAQ on June 17, 2010.

CDAQ is in receipt of calculations for EU P007: Heat Treating Line #3, Natural Gas 6.6 MMBTU/HR Max, EU Z009: Machining Operations and EU Z010: Paved Roadways, and as well as a PTIO application for EU Z004: Wheelabrator Grit Blaster as of July 14, 2010.

The corrective action was received and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have

any questions, please call Andrew Kenney at 216-420-7683. All correspondence with CDAQ must include the Ohio EPA facility identification number for SPS Technologies, LLC: 13-18-00-7519.

Sincerely,

Linda Kimmy for G.B.
