NOTICE OF VIOLATION FOLLOW-UP LETTER: REPORTING VIOLATIONS

Dear Mr. Schill:

On April 1, 2009, the Cleveland Division of Air Quality (CDAQ) issued a Receipt of Corrective Action Plan to Chemical Solvents, Inc. (CSI) located at 3751 Jennings Road in Cleveland. CSI responded to the outstanding violations with submittals of required reports received on February 10 and February 26, 2009.

CDAQ received an updated annual report for emissions unit J002, which included the additionally requested summary report on the operation, and the operating hours of the elapsed time meter for 2008. The vapor recovery system for J002 reported no deviations and no downtime in the updated 2008 annual report received by CDAQ on February 10, 2009.

Additionally, CDAQ requested a semi-annual deviation report for the second half of 2008 for emissions unit L001 and L002, by April 17, 2009. CDAQ received this document on February 26, 2009.

The corrective action plan was received and appropriate steps were taken to bring the sources into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence. The failure to mention any specific violation does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Valerie Shaffer at (216) 664-6292. All correspondence with CDAQ must include the Ohio EPA facility identification number for Chemical Solvents, Inc.: 13-18-00-7651.

Sincerely,

Valencia S. White
Field Enforcement Manager, CDAQ
