NOTICE OF VIOLATION FOLLOW-UP LETTER

Dear Mr. Dudas:

On March 9, 2010, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Anchor Metal Processing to obtain city permits-to-operate by submitting city permit fees for 2006, 2007 and 2008 and submit two weeks' worth of required recordkeeping and daily visible emissions checks for K001: Powder Coating Line and P001: Controlled Pyrolysis Cleaning Furnace Model # PTR-308. CDAQ is in receipt of 2006, 2007 and 2008 city permit fees and two weeks' worth of required recordkeeping and daily visible emissions checks for K001 and P001 dated March 22, 2010.

The corrective action plan was received in a timely manner and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary. You are expected to continue maintaining the required daily records on K001: Powder Coating Line and P001: Controlled Pyrolysis Cleaning Furnace Model # PTR-308 as required in your Permits to Install/Operate (PTIOs).

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Andrew Marantides at (216) 420-8049. All correspondence with CDAQ must include the Ohio EPA facility identification number for Anchor Metal Processing: 13-18-00-7909.

Sincerely,

Linda Jimmy for G.B.
