NOTICE OF VIOLATION FOLLOW-UP LETTER**

Dear Mr. Song:

On May 23, 2008, the Cleveland Division of Air Quality (CDAQ) issued a Notice of Violation requiring Laundryland Cleaners to submit applicable permit applications and notification requirements, and to come into compliance with federal and state regulations governing dry cleaning facilities that use perchloroethylene (perc).

On June 10, 2008, CDAQ received a permit application and the completed qualifying criteria document for your operation of a Union dry-cleaning machine. Please note that you must use a halogenated hydrocarbon detector or perc gas analyzer to check all equipment monthly for leaks.

The permit application was received and appropriate steps were taken to bring the source into compliance. CDAQ has determined that no further enforcement action is warranted at this time, but reserves its right to take such action in the future if necessary.

CDAQ issues this letter with Ohio EPA's concurrence and does not excuse any violations of local, state and federal laws or regulations regarding air pollution control. Violations of air pollution control laws may be pursued in local court or referred to Ohio EPA or U.S. EPA for further enforcement action. Should you have any questions, please call Valerie Shaffer at (216) 664-6292. All correspondence with CDAQ must include the Ohio EPA facility identification number for Laundryland Cleaners: 13-18-00-8204.

Sincerely,

Valencia White
Field Enforcement Manager, CDAQ
